RADIATION THERAPY TECHNOLOGY BOARD OF EXAMINERS**

**WEST VIRGINIA MEDICAL IMAGING  
AND RADIATION THERAPY  
TECHNOLOGY BOARD OF EXAMINERS,**

**Complainant,**

**v.**

**Case No. 12-FY-2022**

**Skyler M. Currence**

**Respondent.**

**CONSENT AGREEMENT AND ORDER**

After due investigation of the board-initiated complaint, the West Virginia Medical Imaging and Radiation Therapy Technology Board of Examiners ("Board") determined there was probable cause to believe that Skyler Currence ("Respondent") exhibited unethical and unprofessional conduct in connection with the practice of medical imaging, in violation of the provisions of W.Va. Code § 30-23-1, *et seq.* and W.Va. Code R. § 18-1-1, *et seq.* Respondent was provided with written notice of the allegations against her pursuant to the rules of the Board and the laws of this State.

Now, in lieu of a hearing, the parties have reached an agreement for the resolution of this matter and the parties agree to entry of the following Order in disposition of this matter.

**FINDINGS OF FACT**

The Board hereby adopts the following findings of fact:

1. The Board is a regulatory board created for the purpose of regulating the practice of medical imaging and radiation therapy. W.Va. Code § 30-23-1, *et seq.*

2. In order to carry out its regulatory duties, the Board is empowered to suspend, revoke, or otherwise discipline an individual's medical imaging license pursuant to W.Va. Code § 30-23-24 and W.Va. Code R. § 18-4-1, *et seq.*

3. Respondent is a licensee of the Board, holding License No. 11520 (radiography), and is subject to the license requirements of the Board.

4. Respondent's employment with Greenbrier Valley Medical Center began on March 7, 2022.

5. The Board learned that Respondent worked as a medical imaging technologist without a West Virginia medical imaging license.

6. Respondent obtained her medical imaging license on May 1, 2022.

7. The Board initiated a complaint via letter to Respondent dated May 3, 2022, asserting that Respondent performed medical imaging procedures in West Virginia without a valid West Virginia medical imaging license.

8. Respondent answered the board-initiated complaint via correspondence dated May 11, 2022. Respondent admitted to having worked as a medical imaging technologist in West Virginia without the required license. Respondent acknowledged that the failure to obtain her medical imaging license was the result of her lack of knowledge regarding the licensing requirement.

9. On May 2, 2022, Respondent's supervisor, Gary Mabry, Director of Imaging Services, Greenbrier Valley Medical Center, submitted a response indicating that Respondent was a new graduate and was unaware of the licensing process.

10. On May 19, 2022, Respondent attended an informal conference with the Board's Ethics Committee. Her supervisor, Gary Mabry, also attended this conference and further discussed the facts and circumstances of this matter.

11. The Board, at its meeting on June 16, 2022, voted, under W.Va. Code § 30-23-25, to find probable cause for a violation of W.Va. Code § 30-23-2(a), which provides that it is unlawful to practice medical imaging without a license.

#### **CONCLUSIONS OF LAW**

1. The Board has jurisdiction to take disciplinary action against Respondent.
2. Based upon the facts and matters set out in the above *Findings of Fact*, and pursuant to W.Va. Code §§ 30-23-2(a) and 30-23-22, the Board may revoke, suspend, or otherwise discipline the Respondent's license to practice medical imaging technology.
3. Respondent's actions, as set forth in the above *Findings of Fact*, constitute violations of W.Va. Code § 30-23-25. It is unlawful to practice medical imaging without a license. *See* W.Va. Code § 30-23-2(a). Such conduct is therefore grounds for disciplinary action.
